Subject: Re: CAG (Out of the Office - 7/4 to 7/9)

I will be taking some off from 7/4 to 7/9

I will have limited access to email.

I will be back to work on 7/10

Thank you.

Good morning Rob,

The next CAG meeting is July 12th, there is not much of an update for 17 mile, so the meeting will be focused on the lower 8 this month. During the prep call on Tuesday, however, the CAG asked us for a couple of updates based on the CSTAG memo. They want to know what is being done about sampling, ie bathymetric, starting the baseline 3 years prior to action, early PDI. I know you began looking into bathymetry, is there any update you can provide? I realize you are still waiting for the letter (no new news on that front), but have you begun thinking about preparations for other kinds of sampling, such as baseline monitoring? Any update that you can provide would be helpful.

Thanks

Diane Salkie
